If Vanadium was watching, however, he would interpret the pitch of the coin to mean that his unconventional strategy was working, that Junior's nerves were frayed to the breaking point. With an adversary as indefatigable as this cuckoo cop, you dared never show weakness..The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number..In a monotone that gave new meaning to deadpan, the

detective added: "I'm the only one who was there who doesn't have a dry-cleaning bill." This was pathetic. Only thickheaded fools, unschooled and unworldly, would be shaken into confession by ham-handed tactics like these. "If you don't, your feeling gland isn't working. Want me to read you to sleep?" Barty let go of the girl's hand, and although he remained dry, the storm at once found her where she'd been hiding in the silver-black folds of its curtains. When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse. If this insurance payoff was not mere coincidence, if it was the wealth that had been foretold, then how far behind the fortune did the knave travel? Years? Months? Days? At the front, a soft spotlight focused on the life-size crucifix. The only additional illumination came from the small bulbs over the stations of the cross, along both side walls, and from the flickering flames in the ruby glass containers on the votive-candle rack. Sitting forward in his armchair, Obadiah lowered his hands to his knees, and in thoughtful silence, he stared at them. Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood. Tossing the knave onto the table, Agnes said, "Barty doesn't seem too impressed with this devil." The walls were barren. The only art in these rooms was a single sculpture. Junior was taking university extension courses in art appreciation and almost daily haunting the city's countless galleries, constantly deepening and refining his knowledge. He intended to refrain from acquiring a collection until he was as expert on the subject as any director of any museum in the city. To his room then, where they sat side by side in bed, a plate of chocolate-chip cookies between them. Through the evening, they stepped off this earth and out of all its troubles, into a world of adventure, where friendship and loyalty and courage and honor could deal with any malignancy. Then her breath caught repeatedly in her breast as her throat tightened against the influx of air. One particularly difficult inhalation dissolved into a sob, and she wept. Police identified Junior as the prime suspect, and newspapers featured his photograph in most stories. They referred to him as "handsome," "dashing," "a man with movie-star good looks." He was said to be well known in San Francisco's avant-garde arts community. He got a thrill when he discovered that Sklent was quoted as calling him "a charismatic figure, a deep thinker, a man -with exquisite artistic taste .... so clever he could get away with murder as easily as anyone else might get away with double-parking." "It's people like him," Sklent continued, "who confirm the view of the world that informs my painting." As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries." "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning. Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew." Smiling again, speaking in a voice hardly louder than a whisper, he said, "Got a wedding date to keep." "Jacob scares people," Agnes said. "No one would eat a pie that Jacob delivered without having it tested at a lab." "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to." He bought cracker sandwiches, some filled with cheese and some with peanut butter, redskin peanuts, chocolate bars, and Coca-Cola. Although this was an unhealthy meal, cheese and peanut butter and chocolate shared a virtue: they were all binding. Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob. Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible. Celestina turned in her seat to look back at Wally and Angel, who were waving. "I guess I am." "The mass of these malignancies suggest they will soon spread-or have already spread-out of the eye to the orbit. There is no hope that radiation therapy will work in this instance, and no time to risk trying it even if there were hope. No time at all. No time. Dr. Schurr and I agree, to save Bartholomew's life, we must remove both eyes immediately." "Couldn't carry these three ladies," he said. "Svelte as they are, they still weigh more than a backpack." This room didn't face the street by which Cain would approach the building, so Vanadium switched on the lights. He spent fifteen minutes examining the mundane contents of the cupboards, searching for nothing in particular, merely getting an idea of how the suspect lived-and, admittedly, hoping for an item as helpful to a conviction as a severed head in the refrigerator or at least a plastic-wrapped kilo of marijuana in the freezer. Under a declining moon, he fled discreetly three blocks to his Suburban, parked on a parallel street. He encountered no traffic, and on the way, he stripped off the gardening gloves and discarded them in a Dumpster at a house undergoing remodeling. Then it would stop. The torment would stop. Surely. His sense of drift, of sliding aimlessly through the days, would lift from him, and he would find purpose once more in determined self-improvement. He would definitely learn French and German. He would take cooking classes and become a culinary master. Karate, too. THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel. draftsman? Having never been nudged in that direction, would Cain have followed a different path that took him far from Celestina and Angel? At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window. Two cranks operated the winch. The mortician and his assistant turned the handles in unison, and as the mechanism creaked softly, the casket slowly descended into the hole. Barty rounded the tree and returned to the porch. He climbed the steps and stood before Tom. "Well," Kathleen said, "even if the money wasn't so nice, I'd be sorry to see this case end." The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons. When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first. She stepped to the bed, bracketing Junior between her and Big Rude. The stream of obscene invective issuing from Sheena made Junior feel as if he had gotten in the way of a septic-tank cleanout hose. This momentous day. In every ending, new beginnings. But, thank God, no ending here. At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him. "Mr. Magusson, you once told me that if Detective Vanadium ever bothered me again,

you'd have his choke chain yanked. Well, I think you need to talk to someone about that." He hadn't intended to enter the gallery. No one in his usual circles would attend this show, unless in such a state of chemically altered consciousness that they wouldn't be able to recall the event in the morning, so he wasn't likely to be recognized or remembered. Yet it seemed unwise to risk being identified as a reception attendee if Celestina White's little Bartholomew and maybe the artist herself were murdered later. The police, in their customary paranoia, might suspect a link between this affair and the killings, which would motivate them to seek out and. Clutching the red rose in his left hand, the brightly wrapped gift box half crushed in his right, Thomas Vanadium lay at Junior's mercy, with no tricks to perform, no quarter to set dancing across his knuckles. "If there's a presentation, I assume then I'm the presentee," he said, taming his chair sideways to the table and taking her into his lap. "Just remember, I never wear neckties."
